

George Offers More Hits

George Strait will release *22 More Hits* on Nov. 13, rounding up fan favorites that didn't appear on his 2004 *50 Number Ones* compilation. The set includes classics like "The Fireman," "Amarillo by Morning" and "Cowboys Like Us" that didn't quite reach the top. "I've had people ask me why this song or that song

wasn't on the *Number Ones* album," George says. "If it's their favorite song, I guess they don't care if it was No. 1 on a chart. This album gave me the chance to include some of the fans' other favorites, and mine."
